**Sub: Formulation of proposals on Science & Technology interventions to be provided for addressing location specific challenges of the State/UT's- regarding.**

Dear Sir/Madam,

This Department has been addressing various S&T challenges of the State/UT's with the collaboration of the State S&T Council functioning as a local focal point of this Department. As usual we need co-operation for formulation of proposal on location specific challenges of the State by involving Academic institutions and R&D laboratories situated in the vicinity of your Council.

We request your good self to arrange to formulate 2 proposals for the duration of 3 years on the above cited subjects and send to this Department by surface mail as well as through email: [sstp-most@gov.in](mailto:sstp-most@gov.in) & [rgaur@nic.in](mailto:rgaur@nic.in). The call of proposal will be closed on 30<sup>th</sup> Nov'2017 (5 PM).

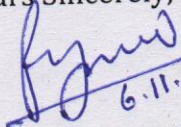

All the Councils in the State/UT's are requested to nominate a nodal coordinator from the State S&T Council in the S&T proposal so that if the proposal is recommended for financial support through the competent grant mechanism may be useful for the particular State/UT's and indirectly help in the development of the S&T in the Country.

Your cooperation is solicited in this regard.

With kind regards

Encl: Guidelines for submission of proposal

Yours Sincerely,

  
6.11.2017  
(Ravinder Gaur)

To

The Member Secretaries/Director/Director General  
Councils for Science & Technologies of all State/UT's
